DJ and music technology sessions

Alternative provision, PRUs and special schools | 2026/27

We deliver interactive DJ and music production sessions for young people who have stopped engaging with a traditional classroom. Sessions are hands-on from the first ten minutes. The same offer is available to mainstream schools commissioning a targeted intervention for pupils at risk of exclusion.

THE OFFER

Booking unit	Half-day visit: 2 sessions of 60 minutes, with 2 different groups
Group size	Up to 8 per session, up to 16 per visit
Delivered	Weekly, in your setting, during the school day
Booked as	A block of 6 visits, one half-term. 8 visits on request for a longer half-term
Equipment	Everything provided, including 3 DJ controllers per session and headphones for every student, with ear cushions cleaned between groups
You provide	A room with 2 power sockets and a member of staff present
Setup	15 minutes before the first session and 15 minutes after the second

WHAT YOU RECEIVE

- Weekly session notes for each student's Student Passport or equivalent record
- Pre and post wellbeing ratings for each student
- A recorded mix for each student, for their portfolio or reintegration record
- A named certificate for every student completing a block
- An impact report at the end of each block, covering attendance, change in wellbeing ratings, per-student engagement observations, skills progress and strategies for staff

RATES

BOOKING	SESSIONS	VISITS	PRICE
Trial half day, 2 groups	2	1	£800
Trial full day, 3 groups	3	1	£1,200
Block of 6, one half-term	12	6	£4,800

A block of 6 visits is 12 sessions and reaches up to 16 students, which is £50 per student per session with full groups. Either trial is credited in full against a block booked in the same academic year, and counts as the first visit rather than an extra one. Travel is free within 10 miles of Romford, and £0.45 per mile beyond.

WHY WE BOOK BY THE HALF DAY

Two groups share the same travel and setup, so a visit reaches up to 16 students for less per head than a single group would cost. If you only have one group, tell us and we will look at pairing your session with another setting nearby.

A block of 6 fits between one holiday and the next, so you are not committing to a whole-year programme that may not suit your cohort.

HOW SESSIONS ARE BUILT

- **They work at any group size.** A session planned for 8 runs just as well with 3, and we do not charge for absences.
- **Adaptation is standard.** Lower volume, predictable structure, longer processing time, and large colour-coded pads in place of small controls where fine motor control is a barrier.
- **Two levels of delivery.** Adapted mainstream sessions, and accessible DJing using large colour-coded pads, where students build tracks by choosing and layering sounds.
- **Your policies apply.** Your behaviour and safeguarding policies take precedence. Before the first session we ask for your behaviour policy, the name of your Designated Safeguarding Lead, and each student's Student Passport and any risk assessment or behaviour plan.

START WITH A TRIAL HALF DAY

£800

Two groups of up to 8 each get a full session in your setting. If you go ahead with a block, the trial counts as the first visit, so you pay the balance rather than starting again.
